

Free Range Play Acknowledgement and Indemnification

By initialing each item below and signing my name to this document, I indicate my understanding of the additional risks inherent in the opportunity to have my dog have access to exercise and enrichment activities in Dogwood Kennel's Free- Range field. I indemnify Dogwood Kennel, its staff, its owners, and all related entities for acts of omission, commission, and negligence.

_____ The fence is 5 foot high and not buried underground, unlike the rest of our fencing. Dogs can climb or jump or dig their way out of the enclosure.

_____ The possibility of woodland animals frolicking in the area is small but not insignificant. My dog may encounter a grazing deer, a wing- injured kill-deer, a possum playing Opossum, or a snarly raccoon, etc., which could result in ensuing pursuit and subsequent injury.

_____ Staff are, by nature of the opportunity, potentially at a much greater distance from dogs they are supervising. The intervention in any sort of scuffle or tiff is likely to be delayed as staff gain access and proximity to resolve issues.

_____ Dogs may not be leashed or otherwise directly under the handler's control.

_____ Dogs will have opportunity to engage in activities more intensely with the additional space. Injuries from sudden bursts of speed, quick stops, collisions with other players, etc., are much more likely than during play within DogWood's traditional campus.

Signature _____ Date _____
