

VACCINATION INFORMATION

The following vaccinations are required for participation in any DogWood Kennel activity or service. Proof of vaccination from a licensed veterinarian must be in our records before you entrust your pet to us (self-administered vaccinations are not accepted). We also require that all pets use regular flea and tick prevention. For everyone's protection, pets who do not meet our vaccination requirement will be regretfully denied DWK services.

DOGS

- Rabies
- DHLPP or equivalent
- Bordetella
- Canine Influenza H₃N₂ or bi-valent
- Flea & Tick prevention

CATS

- Rabies
- FVRCP or equivalent
- Feline Leukemia (recommended for cats who go outdoors)

MEDICAL RELEASE

The safety and well-being of your pet(s) is of the utmost importance to us. With your help, we will do our best to ensure your pet be as healthy as possible by screening for pre-existing health conditions and monitoring the comfort and wellness of your pet during his stay, but some situations may arise that are beyond our control. In the event a medical concern or emergency occurs while your pet is in our care and custody, we will use our discretion to determine the best option for the situation, whether that be a consultation or visit to your veterinarian, the closest veterinary clinic, Purdue University Small Animal Hospital or Purdue University's after-hours emergency center. You or your emergency contact will be notified as quickly as possible. All pet-owners are required to agree to this contingency.

I understand that in the event of a medical concern or emergency, DogWood Kennel, at its sole discretion, has the authority to procure the immediate assessment, treatment, and ongoing care of a licensed veterinarian for my pet(s). This includes my approval of transportation. I further agree that I am financially responsible for any medical advice and treatment that my pet(s) receives as the result of a medical concern while my pet is in the custody and care of DogWood Kennel.
