

DWK Spruce Room Grooming Packages

All grooming services are priced over the phone as an estimate based on the size and coat of the pet. A precise quote based on the condition of the pet's coat, etc., will be offered when the pet is checked in with our groomer. Grooming guests are required to provide documentation of current vaccinations (including Bordetella), to complete a Pet Profile, and to sign a Medical Release and an Owner's Agreement, which are available for download on the Reservations page of this website.

Extra Attention Pets

Some pets can be a little more difficult to handle, whether from a bad experience in their past or a fear of noisy equipment. They require a little Extra Attention. We prefer to spend extra time with them and gain their trust. If your pet does require extra time and assurance, we will charge a handling fee and notify you in advance.
